Hospitality Professional

Passionate, outgoing, personable, dependable, adaptable customer service professional with three decades of proven experience in providing outstanding customer service in a variety of hospitality businesses. Extensive equine experience (general health and well being) and well versed in western riding and driving two- and three-horse hitches. I love to teach people how to create a positive partnership with horses (how they think, how they relate to us and their environment using natural horsemanship principles), assist people in learning how to ride and/or improve their riding skills, and connect people to the outdoors.
